

Chapter, District, Region, and National Student Auditions

The National Student Auditions begin at the regional level and progress to the national preliminary round, semifinal round and final round. Regional auditions should offer all of the categories contained in the “Category, Repertoire, Age, and Time Requirements” section of this document. In order to ensure across the board fairness and appropriate rigor to the National Student Auditions, Regions may only advance singers to NSA categories from a regional audition. Exceptions to this regulation must be approved by the NSA Coordinator, VP-NATSAA, and office staff. Winners of Chapter or District auditions may not be automatically advanced to the National Student Auditions.

Audition Terminology

Aria	An aria is a solo taken from an opera, oratorio, mass, cantata, operetta, or works titled “concert aria”. Oxford Online definitions will be used for the purposes of this audition. For example, Purcell’s selections from the semi-operas and masques are considered songs.
24/26/28 Italian Art Songs and Arias	The repertoire found in the 24/26/28 Italian Art Songs and Arias collections may be counted as an aria or an art song in the high school and lower college classical categories. For the singers in the upper college categories and beyond, these pieces may count as an art song ONLY, regardless of origin. Any repertoire found outside of these collections will be considered only as the composer intended, as an art song OR aria.
Memorization	All repertoire, including oratorio, must be sung from memory.
Original Languages	Selections should be sung in original language or in translation if warranted by common performance practice.
Transposition	All arias from opera, oratorio, mass, cantata, operetta, works titled “concert aria,” or music theater selections must be sung in the original key or an alternate key based on common performance practice.
Classical Repertoire/Categories	The word “classical” in this context refers to art songs and arias from the “classical” genre, not limited to the “Classical” period of Mozart and Haydn. In other words, no music theater, pop, soul, jazz, rhythm and blues, etc. Folk song arrangements are widely accepted as a part of the classical genre and would be acceptable and appropriate audition repertoire for students in classical categories.
Judicious Cuts	Piano introductions, piano interludes, piano music after the vocal solo is completed, and internal cuts of opera arias and music theater selections are allowed as in common performance practice. Cuts of verse or verses of selections are not allowed. In the case of strophic pieces, all verses should remain that are traditionally included.
Music Theater Selections	All repertoire must be from staged Broadway and Off-Broadway productions. The production may be a musical, revue, or song cycle but MUST have been staged <u>AND</u> Broadway or Off-Broadway. Various online resources are available to confirm such status and teachers are encouraged to confirm them when selecting repertoire. Singers should ensure that contrasting selections represent the spectrum of their vocal and dramatic abilities. For example, this may be exhibited by selecting pieces of varying style periods (pop/rock, contemporary, Golden Age) and employing a variety of vocalism (belt, mix, legit).
Comment Only	Any student may register to sing for comments only and participate in the preliminary audition round.
